

## HOME COMFORTS

Lifson Products, manufacturers of down, cotton and microfibre duvets and pillows have launched their most luxurious range of bedding to date. Premium Royal Comfort Hungarian Goose Down duvets and pillows.

Hand-harvested Hungarian goose down is renowned for its superior warmth. The large, fluffy clusters have the unique ability to trap sizable pockets of air, ensuring an incredibly light duvet, which is exceptionally warm. Hungarian Goose Down also has an extremely high filling power and is able to regulate to an individual's body temperature, keeping one warm in the winter and cool in the summer months.

These duvets and pillows have 350 thread count down-proof casings edged with elegant satin piping, guaranteeing a luxurious touch that's pure bliss to sleep under. Lifson Hungarian Goose Down products are surprisingly affordable, and come with a two year guarantee against faulty workmanship and material defects. They comply with European Down And Feather Association (EDFA) standards; duvets and pillows are certified dust and mite free and are the only bedding products available in South Africa to display the EDFA NOMITE label. Plus they're anti-allergenic and the fabric complies with OEKO-Tex standard100, a global benchmark, which ensures the fabrics are free from harmful chemicals.
